

GRESHAM

A51

PRODUCT DATA SPECIFICATION

GRESHAM

# A51

## PRODUCT DATA SPECIFICATION

A51 is a stackable chair suitable for outdoor or indoor use. It is extremely robust yet light weight.

### Materials

Injection moulded Polypropylene.

### Finish

Slightly textured surface that reduces marking in use.

### Considerations

- Stacks up to 8 high.
- Available in a selection of colours.
- Through-colour plastics.
- Hole in seat facilitates water drainage for outdoor use.
- Single piece moulding for durability.
