PRODUCT DATA SPECIFICATION

GRESHAM

# NEOS

## PRODUCT DATA SPECIFICATION

This compact lounge chair is designed for style and functionality.

### Materials

Seat and back shells are produced in CNC laminated plywood inserted with clinched 'T-Nuts' for fittings

These are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. The assemblies are then upholstered in fabric which is available in a wide selection of colours, patterns and weaves.

Structural elements, such as frames and bracketry are manufactured in steel. These are produced from tubular or spun sections and finished in chrome plating. Swivel versions utilise steel gas columns and glass-filled Polyamide (Nylon) four star bases and castors.

### Considerations

- Choice of five frame styles
- Non-removable seat cushion
- Smooth upholstery detailing to promote longevity of use and reduce wear.
- Accompanying height adjustable table

### Technical Details

					
Model	NPE4	NPE4W	NPEP	NPEPW	NPES
OA Height	780-790	820-920	790	850	790
Seat Height	430-530	460-560	460	530	460
OA Width	650	650	550	550	490
OA Depth	650	650	550	550	490
