GRESHAM

NOTE

PRODUCT DATA SPECIFICATION

This unique chair collection can be used across a plethora of interior environments.

Materials

Seat and back shells are produced in Polypropylene, combining flexibility with strength and durability.

Upholstery seat pads, when used, are produced from Polypropylene that are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. These are upholstered in fabric which is available in a wide selection of colours, patterns and weaves.

Structural elements, such as frames are manufactured in steel. These are produced from tubular sections and finished in chrome plating.

Considerations

- Stacking
- Available in plastic or upholstered panel options.
- Optional arms
- Optional linking device
- Optional trolley

Technical Details

				
Model	FUS1	FUSA	FUS1SP	FUSASP
