PENNINE

PRODUCT DATA SPECIFICATION

GRESHAM

PENNINE

PRODUCT DATA SPECIFICATION

Pennine is the ideal choice for heavy-traffic environments that need the 'wood-frame' look.

Materials

Seat and back boards are produced from laminated plywood that is CNC routed into shape and inserted with threaded metallic 'T-Nuts' that provide fixing points for the frames.

These boards are covered with CMHR (Combustion Modified High Resilience) Polyurethane foam for comfort and compliance with flammability requirements for contract use.

Upholstery fabrics for seat and back panels are available in a wide selection of patterns, colours & weaves, suitable for contract use in public areas.

Frames are produced from laminated Beech and Beech hardwood timber offering strength and added 'warmth'. These frames are produced from various machined sections that are dowelled and bolted.

Considerations

- Optional arms can be specified to left, right or both sides of the chair.
- Backs are available in three-quarter or full height sizes.
- Matching reception height tables are available.

Technical Details

| Model | X01 | X02 | X03 | X04 | X05 | X06 | X07 | X08 |
|-------------|-----|-----|-----|-----|-----|-----|-----|-----|
| OA Height | 865 | 865 | 855 | 855 | 855 | 865 | 865 | 865 |
| OA Width | 520 | 520 | 545 | 545 | 545 | 545 | 545 | 545 |
| OA Depth | 605 | 605 | 555 | 555 | 555 | 555 | 555 | 555 |
| Seat Height | 465 | 465 | 370 | 370 | 370 | 370 | 440 | 440 |
