

GRESHAM

SOLENT

PRODUCT DATA SPECIFICATION

GRESHAM

SOLENT

PRODUCT DATA SPECIFICATION

The Solent sofa family has a distinctive look featuring a unique detail linking the back to the seat.

Materials

The framework is produced from a combination of hardwood and softwood timber, and wood-based sheet materials. This combines strength and stability whilst allowing smooth ergonomic forms.

The frame is covered with CMHR (Combustion Modified High Resilience) Polyurethane foam for comfort and compliance with flammability requirements for contract use.

Upholstery fabrics for seat and back pads are available in a wide selection of patterns, colours & weaves, suitable for contract use in public areas

Considerations

- Deep seat cushions & generous upholstery
- Smooth upholstery lines promote longevity of use & reduce ware.
- Choice of leg finishes
- Curved back detail for additional comfort.
