LC11 STOOL

C A F É

The LC11 collection is a contemporary family of chairs offering an elegantly curved, single-piece shell with a variety of frame possibilities. The clean-lined sled frame option accentuates the stool's simplicity and with a choice of two heights, can be matched to most worksurfaces.

FEATURES

- Light weight for ease of movement
- Selection of shell colours
- Choice of upholstery fabrics
- Available in two heights to suit kitchen and lounge bars
- Suitable for contract environments such as restaurants and cafés
- Suitable for in-door use

MATERIALS

The LC11 stool features a single piece, injection moulded Polypropylene seat and back shell. A die-cast Aluminium adaptor plate is used to connect the seat shell to the fabricated wooden legs. The seat can be then upholstered in a selection of fabrics, each with their own material breakdown and properties.

Wooden leg frames are produced from hardwood. These have a clear lacquer finish. Footrest ring produced in Ø11mm solid steel and fixed into place with screws. This assembly has a chrome-plated finish.
