KULTURE TASCA

PRODUCT DATA SPECIFICATION

Introducing Kulture Tasca, the new collaborative Chair from Gresham. We've taken inspiration from the ever-evolving co-working and agility trends that define today's modern workspace environments to deliver a chair designed to foster collaboration, promote flexibility, and enhance productivity like never before. With its sleek and contemporary design, Kulture Tasca effortlessly blends into any workspace, creating an atmosphere that fuels creativity and innovation. Join the movement towards more dynamic and efficient spaces, experience the evolution of work firsthand and elevate your environment to new heights.

Get ready to redefine the way you work.

Materials

Seat & Back:

Seat upholstery pads are produced using Polypropylene and are covered in CMHR Polyurethane foam for comfort.

Backs are produced using Black mesh with a nylon back support structure. Mesh used is 100% polyester.
