PRODUCT DATA SPECIFICATION

GRESHAM

LC11 STOOL

PRODUCT DATA SPECIFICATION

The LC11 collection is a contemporary family of chairs offering an elegantly curved, single-piece shell with a variety of frame possibilities.

Materials

The LC11 Stool features a single piece, injection moulded Polypropylene seat and back shell. A die-cast Aluminium adaptor plate is used to connect the seat shell to the fabricated wooden legs.

The seat can be then upholstered in a selection of fabrics, each with their own material breakdown and properties.

Wooden leg frames are produced from hardwood. These have a clear lacquer finish.

Footrest ring produced in Ø11mm solid steel and fixed into place with screws. This assembly has a chrome-plated finish.

Considerations

- Light weight for ease of movement
- Selection of shell colours
- Choice of upholstery fabrics
- Choice of wood finishes
- Available in two heights to suit kitchen and lounge bars
- Suitable for contract environments such as restaurants and cafes
- Suitable for in-door use
