PRODUCT DATA SPECIFICATION

GRESHAM

# GC1

## PRODUCT DATA SPECIFICATION

A height adjustable, tilt top conference table system supplied with power outlets. Available in mobile and static options.

### Material

25mm top panel available in MFC, standard, chamfered and drywipe laminate finishes with a 2mm thick impact resistant ABS edge detail.

The worksurface underframe is fabricated out of 40mm x 40mm tubular steel beams and pressed steel plates, providing a durable and stable platform.

The three-tiered steel legs are connected to the cross beams and encapsulate the actuators that drive the tilt mechanism, worksurface and underframe up and down. These are operated via a simple toggle switch positioned at one end of the table.

All metalwork is coated with a durable epoxy powder coating finish.

### Considerations

- Mobile table fitted with lockable castors
- Metalwork available in silver or white finishes
- Worksurfaces adjustable between 740mm and 1388mm
- Tables can be folded, moved and nested when not in use
- Tables supplied with 2 No. UK sockets
- Single cable powering height adjustment mechanism and power sockets
- Control panel positioned at end of table for ease of use.

### Features

#### Control Panel

Simple up & down one handed control panel positioned at the end of beam.

#### Power Sockets

2 UK sockets accesible on the underside of the table.
