

GRESHAM

LS37

PRODUCT DATA SPECIFICATION

GRESHAM

# LS37

## PRODUCT DATA SPECIFICATION

Thanks to its active movement, LS37 helps to provide a healthy sitting experience.

### Materials

Seat consists of an injection moulded Nylon structure with base joint manufactured in aluminium.

Polypropylene seat plate covered with CMHR (Combustion Modified High Resilience) Flexible Polyurethane 'Reflex' foam for comfort, longevity and compliance to Flammability requirements.

These are upholstered in fabric which is available in a wide selection of colours, patterns and weaves. This assembly is covered over the seat plate using a drawstring technique. Top is then securely placed within Nylon housing to create a seamless upholstery finish.

Pull handle real leather.

Polished Chrome Steel gas spring and lift with a black powder coated steel cover and aluminium base joint. 360° pivot system encased into supportive Nylon base.

### Considerations

- 360° pivot movement.
- Height adjustable gas column.
- Leather handle operation.
- Choice of fabric colours.
- Seamless upholstery detail to promote longevity of use.
- Sturdy and robust construction.
