ZELA BEAM

PRODUCT DATA SPECIFICATION

GRESHAM

ZELA BEAM

PRODUCT DATA SPECIFICATION

Zela Beam blends well into modern reception and waiting areas, a perfect match with its chair collection.

Materials

Seat and back shells are produced in Polypropylene, combining flexibility with strength and durability.

Upholstery pads, when used, are produced from Polypropylene that are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. These are upholstered in fabric which is available in a wide selection of colours, patterns and weaves.

Structural elements, such as frames are manufactured in steel. These are produced from tubular sections and finished in either an epoxy powder coating or chrome finish depending upon the model.

Tables, when specified, are 25mm Thick Melamine faced chipboard. Tops are edged all around with 2mm thick impact resistant ABS.

Considerations

- Available in a variety of Fully Upholstered or Plastic versions.
- Optional arms are available.
- Optional integrated tables are available
- Complements our Zela Chair Collection.
