

GRESHAM

ZELA UPHOLSTERED SEAT

PRODUCT DATA SPECIFICATION

GRESHAM

ZELA UPHOLSTERED SEAT

PRODUCT DATA SPECIFICATION

Zela multi-purpose seating lends itself to large scale conferencing, meeting rooms and single use applications.

Materials

Seat and back shells are produced in Polypropylene, combining flexibility with strength and durability.

Upholstery pads, when used, are produced from Polypropylene that are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. These are upholstered in fabric which is available in a wide selection of colours, patterns and weaves.

Structural elements, such as frames are manufactured in steel. These are produced from tubular sections and finished in either an epoxy powder coating or chrome finish depending upon the model.

Considerations

- Stacking – up to eight units high (except writing tablet or swivel base options)
- Available in a selection of colours
- Available in plastic or upholstered panel options.
- Swivel and beam version available.
- Optional arms
- Integral linking on 4 legged versions.
