KULTURE CREDENZA

STORAGE, MADE YOUR WAY

Introducing our new credenza range, a blend of contemporary design and timeless elegance. With clean lines and a modern aesthetic, these units feature a 30mm carcass faced in FENIX® laminate for durability and style. Choose from two base variations and sizes to suit your taste and space. Our dual finish option ensures a perfect balance between modernity and tradition.

Elevate your interior with versatility, sophistication, and functionality.

All cost options are available with both plinth or tube leg options. Alternative laminate finishes are also available POA.
All prices listed are net and correct as of May 2024. For enquiries regarding delivery and installation charges, we kindly request you to contact us for further information.

FINISHED YOUR WAY

Created with proprietary technologies, the external surface of FENIX® is characterised by the use of next generation acrylic resins, hardened and fixed through an electron beam curing process. This makes you experience unique features. At first glance, the super-matt surface makes for a striking appearance. By touching it, you feel how pleasantly soft the surface is, with the further surprise of leaving no fingerprints.

Thermal healing of superficial micro-scratches is also possible.

FINISH OPTIONS

Combine up to two colour options from our range of FENIX® laminate finishes to create a truly unique credenza to suit your style and space.
