PRODUCT DATA SPECIFICATION

GRESHAM

# LYNSTOCK CHOICE RECEPTION

## PRODUCT DATA SPECIFICATION

Lynstock Choice is ideal for waiting area or heavy-traffic environments that need a uniform look.

### Materials

Seat and back boards are produced from laminated plywood that is CNC routed into shape and inserted with threaded metallic 'T-Nuts' that provide fixing points for the frames.

These boards are covered with CMHR (Combustion Modified High Resilience) Polyurethane foam for comfort and compliance with flammability requirements for contract use.

Upholstery fabrics for seat and back panels are available in a wide selection of patterns, colours & weaves, suitable for contract use in public areas.

Frames are produced in a selection tubular steel sections with a minimum wall thickness of 1.5mm. Steel plates and brackets are a minimum of 3mm thick. All steel components are fully welded into assemblies for strength. All metalwork is available in a selection of epoxy powder coating finishes. Arms are finished with moulded and upholstered Polyurethane pads for comfort.

### Considerations

- Arms can be specified to left, right or both sides of the chair.
- Upholstered seats and backs for comfort.

### Technical Details

				
Model	910	910RM	910LM	910AM
OA Height	830	830	830	830
