PRODUCT DATA SPECIFICATION

GRESHAM

MOD

PRODUCT DATA SPECIFICATION

MOD is a fantastic meeting and conference chair, also perfect for classrooms. Its distinctive arms and well cushioned seat provides both style and comfort for prolonged periods of sitting.

Materials

Standard chair seat and back are manufactured with inner and outer shells allowing them to be upholstered. These are produced from Polypropylene for flexibility combined with strength and durability.

The fully-welded framework is produced in 30 x 15mm x 1.5mm thick flat-sided oval steel tube in compliance to UNI 10305-3: 2003.

Upholstery pads, when used, are produced from Polypropylene that are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. These are upholstered in fabric which is available in a wide selection of colours, patterns and weaves.

Considerations

- Available in a selection of fabric colours and patterns and properties for choice
- Available with Black metalwork.
- Plain Plastic chairs (un-upholstered) in Black.
- Can be fitted with optional fixed arms at point of order
- Designed to accommodate users of up to 110kg
- Stacks vertically 6 chairs high
