

GRESHAM

MEETING CHAIR

PRODUCT DATA SPECIFICATION

GRESHAM

MEETING CHAIR

PRODUCT DATA SPECIFICATION

The Meeting chair is perfect for all conference and meeting requirements.

Materials

Seat and back shells are produced in Polypropylene, combining flexibility with strength and durability.

These are available with optional upholstery pads that are produced in Polypropylene.

These are covered with CMHR (Combustion Modified High Resilience) flexible Polyurethane foam for comfort and compliance to flammability requirements. They are then upholstered in fabric which is available in a wide selection of colours, patterns and weaves

Structural elements, such as frames are manufactured in solid steel rod. These are finished with an epoxy powder coating.

Considerations

- Stacking (except tablet version)
- Available in plastic or upholstered panel options.
- Optional arms
- Optional 'ant-panic' writing tablets.
- Frames fitted with integral linking device.
