LS23C3	Rectangular	1400mm	600mm	455mm

FEATURES

- Offered in a range of footprints shapes and sizes
- Offered in reception and lounge heights as standard
- Delivered fully assembled
- Fitted with glides

MATERIALS

Top panels are produced in a selection of materials: 25mm or 36mm thick Melamine Faced Chipboard or 25mm MDF with a Plastic Laminates facing material. All substrates have their edges finished with 2mm thick, impact resistant ABS. All panel materials are offered in a selection of uni colours or wood grained prints for choice. Laminate finished tops are offered in square or chamfered edge options.

Frames are produced in CNC Bent 12.7mm diameter high tensile steel rod fitted with clear ABS saddle feet with felt pads to ensure floors on which the table is used are kept mark-free. All metalwork is finished with a durable epoxy powder coating which is available in a selection of RAL colours: White, Silver, Grey & Black as standard. Frames can also be supplied with a chrome finish.
