

RESIDENTIAL FURNITURE

Spaces that make a difference

UK designers and manufacturers of furniture for modern spaces

From student living to learning environments, we create furniture that combines thoughtful design, lasting quality and practical functionality. Every piece is crafted to perform in real-world spaces and stand the test of time.

We've been leading the way since 1976

For nearly 50 years, we've crafted premium furniture in the UK, combining tradition with cutting-edge design. Offering personalised design consultations and aftercare, we're your one-stop shop for innovative and timeless solutions tailored to modern workspaces. As an award-winning UK manufacturer, we take pride in delivering robust, high-quality products that embody British craftsmanship and sustainability.

From responsibly sourced materials to reducing our environmental footprint, we prioritise long-lasting excellence without compromise. When you choose us, you invest in more than furniture—you support exceptionally made products designed to elevate spaces and champion sustainable practices.

since
1976

Residential spaces demand furniture that looks good, works hard and lasts. Our UK-designed and manufactured range delivers on all three. Built with robust materials, tested construction methods and a modern aesthetic, this collection offers long-term value and dependable performance for student and residential environments.

Built for modern living.

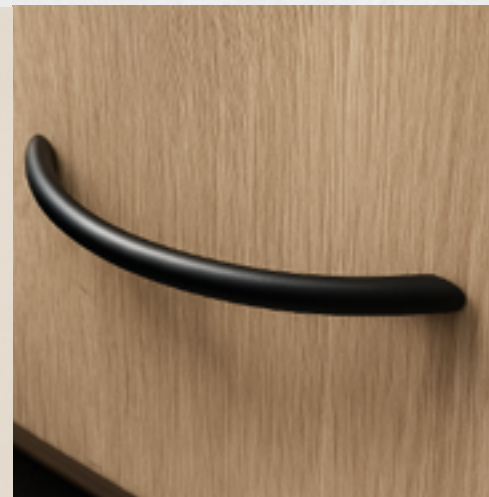

This collection forms our core residential range — a reliable, well-designed foundation for modern living spaces. Every piece is built to deliver long-lasting performance, comfort and practicality as standard. The range can be expanded or customised to suit specific project needs, from additional storage options to tailored finishes and configurations, giving you the flexibility to create spaces that work exactly as required.

A Better Space for Students to Live, Work and Rest.

With smart storage, modern styling and robust construction, each piece helps create a welcoming, functional space where students can focus, relax and feel at home.

Handle Options: (L) Type D / (R) Type C

Designed for Student Living. **Built to Last.**

Designed to create calm, practical spaces that help users feel at home from the moment they move in. Clean lines, warm finishes and thoughtful touches combine to give each space a relaxed, modern feel.

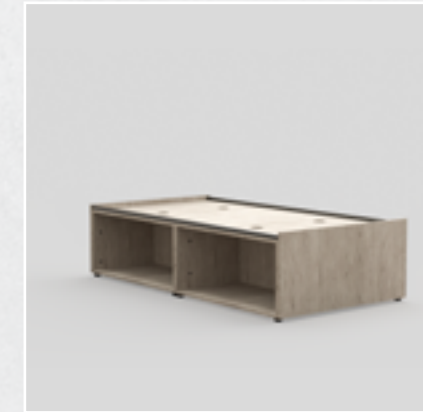

Product Selection

A core range with room to grow.

Over 5,000 products and counting...

All our products are designed and made in the UK, blending traditional craftsmanship with modern innovation. We offer a wide range of furniture, from ergonomic task chairs and adjustable desks to collaborative meeting tables and bespoke storage solutions.

Whether it's sleek office seating, flexible workstations, or modular designs, we focus on creating functional, stylish, and sustainable pieces. By prioritising comfort and productivity, we tailor our designs to meet the evolving needs of modern work environments.

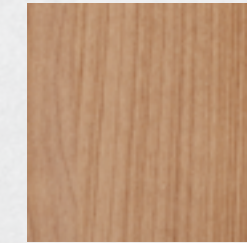

Finishes

These MFC finishes have been carefully selected to suit our residential range, offering a balance of warmth, style and durability for everyday living. The finishes shown represent our core palette, chosen to complement contemporary home environments. Additional colours and textures are available on request, allowing you to tailor each piece to suit individual tastes and interior schemes.
